

Dear readers,

We would like to inform you about innovations in the GESIS Survey Guidelines. The Survey Guidelines are short, concise texts for the profession on the most important contents when conducting surveys and working with survey data. The authors are GESIS staff members. The GESIS Survey Guidelines have so far included contributions in the three areas of Survey Instruments, Survey Statistics and Survey Operations. Under the leadership of Tobias Heycke, the previous areas were expanded to include Open Science. The first four guidelines have now been published in this category:

- Ines Schaurer, Kunz, Tanja, & Heycke, Tobias (2020). Documentation of online surveys. Mannheim, GESIS - Leibniz Institute for the Social Sciences (GESIS - Survey Guidelines).DOI: 10.15465/gesis-sg_en_031
- Sven Stadtmüller and Beuthner, Christoph (2020). Documentation of mail data collection. Mannheim, GESIS - Leibniz Institute for the Social Sciences (GESIS- Survey Guidelines).DOI: 10.15465/gesis-sg_en_032
