1

From 2001-2002 onwards the Family Expenditure Survey (FES) and National Food Survey (NFS) are merged into the new Expenditure and Food Survey (EFS) which is available in SPSS. The old files of FES and NFS are still available.

To get access to micro data it must be created an account.

Foreigners can register over the link below and members of UK - Institutions can use the login link on every page using the files with their UK Federations or Athens account. After agreeing to the end-user license you can choose your data set and download it. There may be charged some fees depending on the wished accessed to the data.
